

Block Builders™ Architecture³

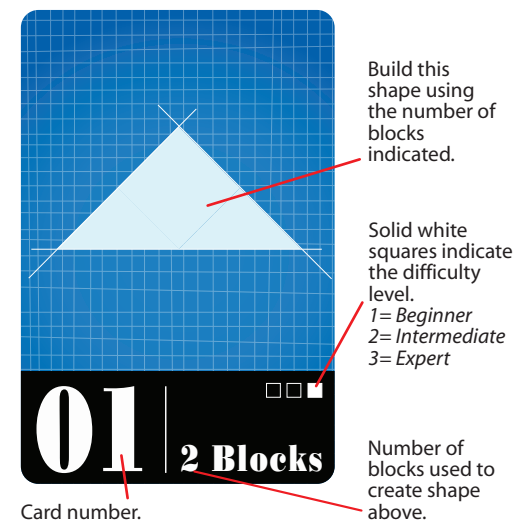

Contents:
6 Block Builders Blocks
50 Challenge Cards

How to use Block Builders:
Block Builders is a set of six architecturally-inspired building blocks. Each Block Builder block features a unique design and is hinged together in two pieces, allowing for endless structures to be created when the blocks are combined.

Object:
Work independently or as a group to solve each of the fifty Challenge Cards. Alternatively, we invite you to design your own creations. Explore on your own and discover your inner-architect.

Set Up:
Select a Challenge Card. Look at the design on the front of the card and recreate the shape using the indicated number of blocks (see example on back). Stumped? The solution is provided in an exploded view on the opposite side of the card.

Example:

While the solution we have provided is correct, there may be alternative answers. Good luck!
