## Squares

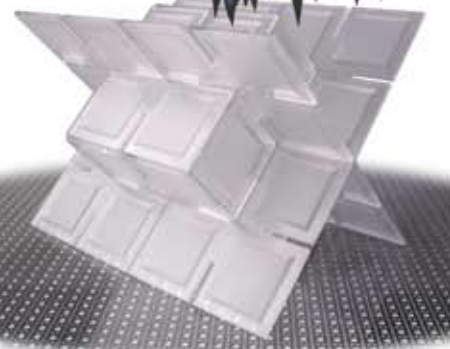

**MADE IN  
THE U.S.A.**

Dado Squares<sup>TM</sup> inspire complex thought through simple design. Whether you favor art or geometric exploration - architectural principles of proportion, balance, structure and color come to life through play. Dado Squares are sure to stimulate and entertain your mind. Create any number of three-dimensional structures and explore visual spatial development and problem solving with this simple toy.

**New for  
2008!**

- Educational and Fun!
- Each set features 35 Squares, 3-1/2 inches by 3-1/2 inches each
- Same great color palette as Dado Cubes, same great interlocking slits
- Can be used to create structures over 3 feet high
- Made of durable, heavy-duty plastic
- Designed, developed and manufactured right here in the USA!
- Suggested Retail Price \$22.00
- Minimum order quantity: one case
- Available only to specialty stores
- Now available in three colors: Original, Blues, and Ice
