

Wondering What Makes Twig Blocks so Special?

It's not the green conscious design and packaging, the colors, or even the shapes, it's your hands and mind in concert with the finest materials for amazing building. Equally appealing in the playroom, in your office, or on the table. Twig is design for every one.

When precision wooden shapes and vibrant colors meet, expect nothing less than masterwork! Natural wood, carved with care and colored with brilliance. Light plays its way through the windows of Twig illuminating lines, contours, space, and arrangement. Opening the mind and imagination to new exercises in visual spatial development.
