

CHEESE LOUISE

GAME RULES

1-4
players
Ages
6+

Set Up:

Shuffle the deck of bread puzzles and deal one bread card to each player. Place the deck of bread puzzles off to the side and cover it with the slice of plain bread so the other bread puzzles cannot be seen.

Plop the slices of cheese in the middle of the playing area (just like Go Fish) so they are within easy reach of all players.

How to Play:

On the count of three, all players begin searching for the correct slice of cheese to completely cover all the toppings on their slice of bread. If the cheese doesn't match, toss it back into the pile and grab another. For a player to be successful, none of their toppings may be seen through the holes of the cheese.

The player that wins the round keeps his/her slice of bread. The other slices of bread are collected, shuffled and returned to the bottom of the deck.

Winning the Game:

The first player to completely hide all the toppings on the slice of bread with the correct piece of cheese wins the round. The first player to collect five slices of bread wins the game.

Alternative Solitaire Play:

You can also choose to solve the Cheese Louise puzzles as a single Player.

Don't let Louise ruin your cheese!
