When precision wooden shapes and vibrant colors meet, expect nothing less than masterwork! Natural wood, carved with care and colored with brilliance. Light plays its way through the windows of Twig – illuminating lines, contours, space, and arrangement. Opening the mind and imagination to new exercises in visual spatial development.

Each Twig set consists of 72 wooden pieces, each precision-cut and compatible with one another. The interactivity between components means limitless combinations in open-ended play.

Twig is now shipping! Contact Fat Brain Toy Co. to make sure you're among the first stores to offer Twig.
